Self-Liquidating Plastic Developed; 'Offset' Triumphs

One of the targets in the campaign against pollution has been the throw-away plastic bottle or container. When glass bottles were common a deposit was required, assuring their return.

But the advent of the plastic item threatened to fill the landscape with indestructible "empties." But a bright chemical firm has just come up with a solution. Out in Boise, Idaho, Bio-Degradable Plastics, Inc., has developed a polystyrene additive which causes plastic containers to gradually decompose when exposed to sunlight for a great length of time.

This seems to be a monumental discovery—at least for those of us who shuddered at the thought of camp sites and rivers and lakes gradually filling up with indestructible plastic trash.

By the end of this week 70 per cent of Arkansas newspapers will be printed by the offset system, the Arkansas Press Association reported this week-end.

Of 160 weeklies 112 are "offsetters," leaving only 38 weeklies and 10 dailies still using letterpress and hot metal. So the gamble The Star took at the end of 1965 worked out just fine.

What shouldn't be overlooked is the fact that the early-birds who converted to offset also realized the most out of their old letterpress plants. I note from an APA bulletin that one newspaper is offering a fully equipped Linotype for \$400. Back in 1966 The Star disposed of three Linotypes, two at \$5,000 each and one for \$8,000.

Which is to say, if you have a feeling obsolescence is creeping up on you get rid of old equipment before the stampede sets in.

Nomination of Powell Sure Thing

By WALTER R. MEARS
Associated Press Writer
WASHINGTON (AP)

Lewis F. Powell Jr. is sure to get Senate approval today, perhaps by unanimous vote, to succeed the late Hugo L. Black on the Supreme Court.

The real controversy, over the nomination of Asst. Atty. Gen. William H. Rehnquist to the court, lies ahead.

Republican Leader Hugh Scott said the Senate will confirm him, too, and forecast an overwhelming vote.

But timing of that vote is another question, since opponents of Rehnquist have not agreed to any limit on their debate against him.

The Powell confirmation vote was set for 4 p.m. "I don't think a single senator is likely to vote against Powell," said Scott.

Indeed, Sen. Charles H. Percy, R-Ill., who will miss the roll call, set out to find an opponent in hopes of arranging a pair. That is an arrangement under which opposing senators agree that both will skip a vote, and the absentees cancel each other. Percy said he couldn't find anybody to provide the other half of the pair.

The Senate agreed to spend two days discussing the Powell nomination, but it was a debate without an opposing side.

Sen. Birch Bayh, D-Ind., a leader of the opposition to Rehnquist, praised Powell as a man of integrity, ability and commitment to human rights.

"This man meets the standards we in the Senate are duty bound to apply to any nominee," Bayh said. "The second nominee, William Rehnquist, does not."

Scottish Rite Mason Receives 33rd Degree

HARRY WILLIAM SHIVER

Friends are rejoicing with Harry W. Shiver, and think his fellow Masons chose wisely when they selected him to receive the 33rd Degree, Honorary, a degree in Masonry that cannot be attained by seeking but by honor bestowed.

Mr. Shiver is the son of the late John C. Shiver and the grandson of the late Walter Shiver, a native of Canada that came to Hempstead County, married a young member of the Ames family of the Blevins area, settled here, and about 1871 built the first house in the area of the county where Hope was later established; the house being in the same location as the presently City-owned inactive electrical power plant.

After attending the United States Naval Academy at Annapolis, Md., by appointment of the late Congressman Tilman B. Parks, Mr. Shiver returned to Hope and joined his father in the plumbing and heating business. And in addition to affiliating with the First Baptist Church, where

he remains a member, he became a Blue Lodge Mason in August, 1925, and in 1926, became a Scottish Rite Mason, receiving the 33rd Degree, the highest one may attain by request.

Mr. Shiver has held all the offices in the local Masonic Lodge, serving as Master in 1931. He served 14 years as Treasurer, 18 years as Trustee and 28 years on the Building Committee. The Investiture of Knight Commander of the Court of Honor was received in 1945.

The ceremonies bestowing the 33rd Degree, Honorary, on Mr. Shiver were held at the Albert Pike Memorial Temple in Little Rock Saturday, December 4th.

The Thirty-Third Degree is conferred only every two years and there were 10 members from the Arkansas Consistory in Little Rock and four from Western Arkansas Consistory in Ft. Smith receiving this honor.

Mrs. Shiver attended the formal dinner and program that followed after the degree was conferred.

U.S., India Relations Worsens

NEW DELHI (AP) — U.S. Ambassador Kenneth B. Keating met Indian Foreign Secretary T.N. Kaul today as Indian American relations worsened. Kaul had said he was going to summon Keating to complain personally about the U.S. stand on the war in the United Nations Security Council.

But a U.S. Embassy spokesman said Keating had requested an appointment with Kaul, the top civil servant in the Foreign Ministry.

"The meeting was cordial," the spokesman said, but added he could give no details.

The two met for about a half hour.

Keating had been expected to complain to Kaul about what the United States claims was the "indiscriminate strafing and bombing" of an American merchant vessel caught in Chittagong harbor last Saturday during an Indian air and naval attack.

A U.S. Senate Department spokesman in Washington said the captain and two crew members were injured and were due in Rangoon aboard the ship, Buckeye State, this morning.

Indian naval authorities in Madras described as "utterly false" American allegations that another U.S. merchant ship, Expedito, was intercepted on the high seas during the weekend and escorted to Madras for inspection of her cargo to see if it included anything that might be useful to Pakistan, its next scheduled port of call.

The naval authorities, according to United News of India, said the ship had reached Madras on Dec. 1 and was in the outer harbor waiting for a berth.

U.S. Embassy sources, however, said the ship's agents in Calcutta were claiming that the Expedito had been intercepted by Indian naval ships.

State Trooper Assaulted Near Eureka Springs

EUREKA SPRINGS, Ark. (AP)—Capt. Jim Ross of the Arkansas State Police said Sunday night that a State Trooper was knocked unconscious Saturday night after he had stopped a car near here.

Ross said that Trooper James Cottrell was hospitalized after being jumped by two men. Ross said that Cottrell reported that he had stopped a car with three persons in it, two of them men.

He said the men hit him with an unidentified object and he was later hospitalized for observation after being knocked unconscious.

Ross said that the Carroll County Sheriff later arrested the men and they are being held in the county jail. Their names were not released.

Ross said he had no further information about the incident. An investigation is continuing.

Pulaski Co. Plans Special Election

By THE ASSOCIATED PRESS
Special elections will be held in Pulaski and Greene counties Tuesday on construction proposals.

Pulaski County residents are to vote on a proposal calling for construction of a new jail. The proposed jail would be financed by a \$3.2 million federal grant and \$800,000 to be paid by the county during the next three years. No tax increase or bond issue is involved in the proposal.

Greene County residents are to consider a proposal to construct a new courthouse and a social service building at a combined cost of about \$800,000. The projects would be financed by a 5-mill tax on real estate and personal property.

India Recognizes East Pakistan Rebels and Claims Tank Victory

U.S., Others Want UN to Intercede

UNITED NATIONS, N.Y. (AP) — The United States and other nations are considering asking the U.N. General Assembly to intercede in the India-Pakistan war following two Soviet vetoes of Security Council resolutions calling for a cease-fire and withdrawal of the opposing forces.

The 106th and 107th vetoes cast by the Russians in U.N. history came in weekend meetings at which Chinese Ambassador Huang Hua charged Soviet Ambassador Jacob A. Malik with filibustering to give India time to advance into Pakistan and Malik called Huang "an imperialist jester."

The council scheduled another meeting this afternoon to take up another resolution calling for a cease-fire but no withdrawal. But as of Sunday night, the U.S. government had instructed Ambassador George Bush not to vote for anything that omitted the call for withdrawal of forces.

The assembly's 1965 "Uniting for Peace" resolution provides for an emergency session on

the vote of any nine of the 15 council members whenever a veto prevents the council's acting in the interest of peace.

Somali Ambassador Abdurahim Abdi Farah said African, Asian and Latin American members of the council were considering this course in the belief that a big majority in the assembly would vote for a cease-fire and withdrawal.

Bush, asked whether he would go to the assembly with the issue, replied, "I would say it's a live option."

"We're keeping all our options open."

Bush had just come from the council meeting at which a Soviet veto killed an eight-nation resolution calling on India and Pakistan for an immediate cease-fire and withdrawal and also calling for an early political solution in East Pakistan.

The vote was the same as on a U.S. cease-fire-and-withdrawal motion early Sunday: 11 for, the Soviet Union and Poland opposed and Britain and France abstaining. Both resolutions failed because the Soviet vote constituted a veto.

Group to Cut U.S. Funds to UN 50%

WASHINGTON (AP) — A \$2.84 billion foreign aid money bill slashing America's United Nations contribution by \$100 million—more than half—was approved by the House appropriations subcommittee today.

The foreign aid appropriation cutting the entire 1972 U.S. contribution of \$100 million to the U.N.'s own foreign aid program was expected to be approved by the full House Appropriations Committee later today and sent toward the House floor.

The \$100 million U.N. cut was made by the foreign operation appropriations subcommittee headed by Chairman Otto E. Passman, D-La.

The foreign-aid appropriation is scheduled for a House vote Tuesday or Wednesday as an end run if necessary around the House-Senate deadlock over a bill to reauthorize foreign aid.

Passman said the \$100 million cut from President Nixon's request for \$193 million in U.S. contributions to the United Nations was not made in retaliation for Nationalist China's expulsion.

He said the money, the U.S. ante for the U.N. Development Program (UNDP), was made because the agency has gained a \$343-million surplus it says it wants to use for a "one-time

burst of additional activity."

"Everybody wants an extra burst of activity," stormed Passman. "And that's why this country is \$350 billion in debt. They make me so damn mad."

The impact on UNDP should America withhold its \$100 million is not clear. The agency provides technical economic development assistance to underdeveloped countries.

The world agency anticipated more than \$250 million in contributions from U.N. member nations next year and planned to begin using \$193 million of the \$343-million surplus for program expansion. The other \$150 million of the surplus is to go into a reserve fund.

Passman said he opposes the 1972 U.S. contribution only because of the UNDP's surplus and said he would favor renewed U.S. funding in future years.

The UNDP gained the \$343-million surplus when it switched from fully funding its programs at the time of their approval to a system of funding them on a year-to-year basis.

Passman said his subcommittee approved some \$41 million in voluntary U.S. contributions to such other U.N.-related programs as the children's fund (UNICEF), drug-abuse control and the World Health Organization.

All Around Town

Seniors of Hempstead County will have Career Day at Hope High School and First Baptist Church on Thursday, Dec. 9 at which time they will have an opportunity to talk with representatives of 22 career areas.

The program is sponsored by the Agriculture Extension service and the Hope High School Guidance Department. . . . and Thursday night, Dec. 9 is the third annual College and Vocational Career night at Hope High School. . . . the program opens with a general assembly at 7 p.m. in the auditorium and at 7:15 p.m. students meet with representatives of their first choice of college or trade school. . . . the second choice session will begin at 8:15 p.m. and the event will end at 9 p.m. . . . parents of juniors and seniors are welcome to meet and talk with representatives.

Mrs. Hays Munn of DeQueen, formerly of Hope, underwent surgery at Wadley Hospital in Texarkana on Thursday. . . . and Jack Fielding of Hope also underwent surgery at Wadley last Thursday.

The weekly Police report shows three with traffic violation. . . . four on license counts. . . . four for drunkenness. . . . one for giving an overdraft. . . . there were four wrecks and one death. . . . so far this year there have been 352 auto accidents inside the city with 82 persons injured and four persons killed.

Hempstead County Rescue Unit will have its annual Christmas banquet Tuesday, December 7 at 7 p.m. in the WOW Hall. . . . it will be potluck and President Guy Downing urges everyone to attend. . . . Mrs. Haskell Jones and Pat Bates will furnish entertainment.

Hope High Bobcats will take on Waldo at 6 p.m. Monday in the Southern State Invitational Tournament. . . . top seeded teams in the tournament include Magnolia, first, followed by Camden Fairview, Stamps and Stephens.

Largest City in India Is Attacked

By THE ASSOCIATED PRESS
Pakistani jets attacked Bombay, India's largest city, United News of India reported today.

It said the attack came just after nightfall. Earlier in the day, India recognized the Bangla Desh rebels as the legal government of East Pakistan and claimed victory in a major tank battle on West Pakistan's border.

Bombay, a city of 5.6 million, is on India's west coast about 500 miles south of West Pakistan.

United News of India said Indian antiaircraft guns and coastal batteries opened fire as the Pakistani planes approached Bombay.

The dispatch, apparently filed to New Delhi while the attack was under way, gave no idea of the extent of the raid.

Air raid warnings sounded over western India after sundown as Indian radar picked up sightings of what appeared to be a massive air strike, New Delhi dispatches reported.

In another development, Pakistan broke diplomatic relations with India in retaliation to its recognition of Bangla Desh.

A spokesman for India's Foreign Ministry in New Delhi said earlier the Indian government had no plans to sever diplomatic ties with Pakistan.

India has supported the Bangla Desh rebels since March and has gained backing for this stand from the Soviet Union.

There was no immediate word from Moscow on whether the Soviet Union would follow India in recognizing the rebels. Premier Alexei N. Kosygin said Sunday the question of Kremlin recognition had not been considered.

The Soviet news agency Tass carried a New Delhi dispatch reporting that India had done so and noted that Prime Minister Indira Gandhi had told her Parliament that recognition signifies an important turning point in the history of national liberation movements.

The Pakistanis claimed their forces had made a general advance in all sectors along the border between India and West Pakistan and had crossed the Tawi River in the Jammu sector of Kashmir.

Pakistan reported earlier that it had seized 20 Indian border posts in Kashmir.

The tank battle began Saturday night when the Pakistanis sent two brigades of infantry and an armored regiment against Indian defensive positions in southern Kashmir near the West Pakistani border, an Indian spokesman in New Delhi said.

He said the battle raged throughout the weekend and that 23 Chinese-built T59 tanks were destroyed by the Indian forces. "Our losses were minor in the fighting," the spokesman added.

He said in East Pakistan Indian forces "are making significant advances and we have captured some territory northeast of Sylhet and south of Comilla." The two cities are key supply centers for Pakistan's army in the east. Sylhet is 123 miles northeast of Dacca, the provincial capital. Comilla is 50 miles southeast of Dacca.

Maddox to Speak at Symposium

FAYETTEVILLE, Ark. (AP) —Former Gov. Lester Maddox of Georgia is scheduled to speak Tuesday night at the University of Arkansas as part of the institution's symposium program. Maddox's topic is to be the "Right to Private Enterprise."

Girl, 15, Killed in Wreck Here

One person was killed and one injured about 7:45 p.m. Sunday in a truck-auto collision at Highway 67 and South Hervey Street intersection. This was the fourth fatality inside Hope City limits this year.

Mary Elizabeth Ellis, 15, was killed when thrown from the car driven by her father, Arvin C. Ellis, who sustained minor bruises and abrasions. Driver of the truck, Dennis Heard of Rt. 1, Everton, Ark. was not injured.

Investigating City Officers said the large tractor-trailer truck was traveling west on Highway 67 and the auto was traveling north on Hervey and collided right in the intersection.

Officers charged Heard with failure to yield the right-of-way and charged Ellis with driving

with an expired license.

Investigating City Officers were Neal, Stovall, and McCulley.

She is survived by her parents, Arvin Clinton and Maxine Ellis of 621 North Hervey Street; two brothers, Joe C. Ellis of North Little Rock and Wayne Ellis of Memphis; her grandparents, Mr. and Mrs. C. C. Ellis of Stamps.

Arrangements will be announced by Smith Funeral Home of Stamps.

Congress Considering a National Food Bank

WASHINGTON (AP) — Congress, with an eye on the political scale, is weighing whether to create a national food bank stocked with about \$1.5 billion worth of vital grains at an average annual storage cost of \$215 million.

The Nixon administration, taking its own approach toward easing farm problems, has joined the American Farm Bureau in opposing the Democratic-backed plan that would set up a strategic reserve supply of up to 300 million bushels of wheat and 25 million bushels of feed grains.

Agriculture specialists on Capitol Hill said they expected a close call for the measure in the House Rules Committee, which moved today toward its decision on whether to dispatch the legislation to the floor for action.

The bill, which emerged from the House Agriculture Committee on a 21-10 vote, has the backing of the Farmers Union, the National Farmers Organization, the National Grange, National Association of Wheat Growers, National Corn Growers Association and the Grain Sorghum Producers Association.

Maneuvering on the bill could

include attempts to tack onto it a measure which cleared the Agriculture Committee last Thursday by 19 to 6. This would provide that when the government announced wheat and feed-grain programs that add to reserve stocks, the minimum loan level or rate available to producers during that crop year would be hiked by at least 25 per cent.

In addition, it is expected that Rep. Paul Findley, R-Ill., will try to attach a \$20,000 limit on all farm-subsidy payments.

Under the base bill for a national food bank, the secretary of agriculture would buy wheat and feed grain at prices not exceeding the average price for the previous five years.

These reserve supplies could be released only when market prices for wheat and feed grains were 120 per cent above the previous five-year average price received by farmers—or to relieve economic distress, provide disaster help, assist in a civil-defense emergency, or feed livestock in an emergency.

The stocks would be rotated to prevent spoilage. The secretary of agriculture could store the supplies in producer-owned and commercial storage facilities.

Rep. Neal Smith, D-Iowa, the measure's chief sponsor, had urged new Secretary of Agriculture Earl Buttz to support the bill that Smith said "would make available to the department an effective tool to counteract the depressed prices."

Buttz instead announced a corn-purchase plan. Buttz said Friday the government will buy an undisclosed amount of corn on the open market in an attempt to firm up farm prices. Buttz added that this would "provide reserve stocks to meet domestic requirements during periods of short supply."

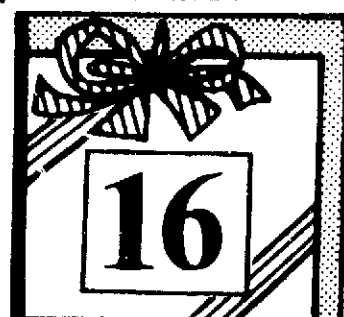

Investigate LR Shooting Deaths

LITTLE ROCK (AP) — An investigation is continuing today into the shooting deaths of Mr. and Mrs. Matthew Brown of Little Rock Sunday.

Brown was the owner of Western Meat Packing Co. of Little Rock.

Their bodies were discovered by a relative, J. M. Ray of North Little Rock, Sunday afternoon.

Both had died as the result of gunshot wounds.

Nixon Calls in Money Experts

By FRANKLIN LEWINE
Associated Press Writer

WASHINGTON, Dec. 5 (AP) — President Nixon summoned to his White House meeting today a group of money experts to help him decide whether to call for a new round of currency devaluation and inflation.

The President's meeting today with a group of money experts was the first of a series of meetings with them in the past few days.

Nixon's meeting with the White House money experts today was the first of a series of meetings with them in the past few days.

The last time Nixon met with the money experts was on Oct. 23, but since then there have been numerous meetings.

The four members of the Council of Economic Advisors today are:

Election Dismissal Tossed Out

LITTLE ROCK, AP — The state Supreme Court today dismissed a petition from Alvin James Guy Tucker Jr. of Little Rock and filed to remove the election of James P. Byrd of Little Rock as a special election judge.

Tucker challenged the election of Byrd as illegal in that the election was held without notice to the prosecuting attorney or members of the bar in general.

The prosecution's petition was dismissed by the court because it was not timely.

The Supreme Court held today that the court record showed that notice of the election was given to the members of the bar and the prosecuting attorney.

The court also held that the election was held without notice to the prosecuting attorney or members of the bar in general.

The court also held that the election was held without notice to the prosecuting attorney or members of the bar in general.

City Officers Case Dismissed by Court

LITTLE ROCK, AP — The state Supreme Court today dismissed a petition from the Little Rock County Circuit Court seeking a writ challenging the election of persons elected in November 1970 to serve as Little Rock city officers.

The court held that the petition was not timely.

The court also held that the election was held without notice to the prosecuting attorney or members of the bar in general.

The court also held that the election was held without notice to the prosecuting attorney or members of the bar in general.

The Jett B. Graves Class of the First United Methodist Church will have a dinner meeting Tuesday, December 7 at 7 p.m. in the Brookwood School cafeteria. Members are to bring gifts not to exceed \$1 in value. Hostesses are Mrs. Elmer Brown, Mrs. Harry Hawthorne, Mrs. Royce Weisenberger, Mrs. B.N. Holt and Mrs. Will Gentry.

The Great Books Discussion Group will meet at 7 p.m. Tuesday, December 7 in Leonard House of St. Mark's Episcopal Church.

Wednesday, December 8

The Garland PTA will meet Wednesday, December 8, at 3 p.m. The Unity Trio will present a musical program, and the nursery will be open.

The Mary-Martha Class of the First United Methodist Church will have a potluck supper Wednesday, December 8, at 7 p.m. in the home of Mrs. Terry Becherer.

The John Cain Chapter, DAR, will meet Wednesday, December 8, at 12 noon in the Town and Country with Mrs. J. W. Branch, Mrs. Otis Blackwood, and Mrs. C. B. Voss, hostesses.

The Hope Lilac Garden Club will meet Wednesday, December 8 at 12:30 p.m. at the Heritage House for a Christmas luncheon and an exchange of gifts. Mrs. W.D. Cohea will have the program. Each member is asked to bring potted bulbs for nursing home patients.

Thursday, December 9

District 16, Registered Nurses Association, will have its annual Dutch Treat Dinner at Perry's Restaurant Thursday, December 9 at 7 p.m. Members may bring guests, and each person attending is asked to bring a gift for exchange.

The Gardenia Garden Club will have their annual Christmas Party on Thursday, December 9, at 7 p.m. at Perry's Restaurant. All members are urged to attend.

The Hope Country Club will have a Dessert-Bridge Thursday, December 9, at 1 p.m. with Mrs. Mrs. Wayne Russell and Mrs. Tom Hays, Jr., hostesses.

Friday, December 10

The Hope Iris Club will meet for a Christmas luncheon at the Heritage House Friday, December 10 at 12:30 p.m. Mrs. Harold Alexander will have the program. Each member is asked to make and wear a Christmas corsage, and there will also be an exchange of gifts.

"Christmas Around the World" will be presented at the First Presbyterian Church Friday, December 10 at 7:30 p.m. Program leader, Mrs. Charles Snowden, and the Friday Music Club invite the public to the program of Christmas music of many types.

Golden Age Group Meets

The Golden Age Club had a short meeting at the Douglas Building Thursday, December 2, and under the direction of the club president, Mrs. Eva McKinney, plans were made for a Christmas dinner on December 16 at 12 noon. Members are asked to meet at the Douglas Building at 10:30 a.m.

In a drawing for the door prize, Mrs. C.H. Bush was the winner.

Births

Mr. and Mrs. Charles G. Garrett of Texarkana announce the arrival of a baby boy on November 30, 1971. He has been named Chad Gentry and is their second child. Grandparents are Mr. and Mrs. C.V. Garrett of Cale and Bill Burke of Hope.

Coming, Going

The Rev. and Mrs. William Risinger attended the funeral of his paternal grandmother, Fannie Mae Risinger, in El Dorado Saturday morning. Mrs. Risinger died Thursday afternoon after a short illness.

The Fred Hatcher Smiths of El Dorado were recent luncheon guests of Father and Mrs. William Risinger. Mr. Smith is Administrator of Warner Brown Hospital, and after lunch he and Father Risinger discussed health planning for South Arkansas. The latter is a member of the Regional Advisory Group of the Arkansas Regional Medical Program, an agency of H.E.W., and attended a meeting of this group in Little Rock on Friday.

Mrs. J.A. Davis returned home last Monday from a Little Rock hospital.

Engagement Announced

—Clyde Davis photo

MISS TINA MARTIN

Mr. and Mrs. J. B. Martin announce the engagement and approaching marriage of their daughter, Tina, to James Daryl Burke, son of Mr. and Mrs. James H. Burke.

Miss Martin is a graduate of Hope High School and attended the University of Arkansas. She is now employed by Southwestern Bell Telephone Company. She is the granddaughter of Mr. and Mrs. C. A. Phippin of Hope, and Mr. and Mrs. Joe Martin of Spring Hill.

The wedding will be solemnized at the First Baptist Church in Hope, on Friday, January 7, at 7:00 p.m. Friends and relatives are cordially invited. No formal cards will be sent.

HELEN HELP US!

by Helen Bottel

INSTANT CRACKER CRUMBS?

Dear Helen:

When I visited our son and daughter-in-law recently, I was mystified at what happened on a shopping trip with her.

She bought a box of crackers, individually packaged in four sections. She took each of these sections, put them into separate plastic bags which you get in the vegetable department, then into paper sacks.

When she pulled into her driveway, she stopped, laid the four bags containing the crackers one in front of each tire. Then she hopped back in the car, drove over the crackers and into the garage.

I looked aghast at the crushed packages lying behind her car only to have her smile and say, "Instant cracker crumbs!"

Well, I went home and sent them a blender for their anniversary. No dice.

Last week I was there again, and she made instant crumbs in her same old way. She says she likes the blender for other things, but her "car" way is faster and quicker for crackers, and besides there's no mess to clean up—and it's much more fun. Says she imagined the crackers were whoever she was angry with, and she got a lot of frustrations out of her system by smashing them. (Could it be me?)

I know there's a generation gap (she's 19) but this is an abyss! My husband is no help (his daughter-in-law can do no wrong). He just laughs and says, "If it works so well, why don't you do it that way too?" —M.I.L.

Dear M.I.L.:

You've either got a wacky d-i-l or a wild imagination. On second thought, maybe "tired crumbs" aren't such a bad idea. When a blender is too slow, a rolling pin too messy, just get behind the wheel and that's the way the cracker crumbs. —H.

Dear Helen: You once reminded parents that their children aren't "owned" by them, but only borrowed for a little while.

For parents who need further reminding that they mustn't try to run their children's lives, here's a lovely bit of blank verse. Sorry, I don't know the author: Your children are not your children

Hope High School and a graduate of Red River Vocational Technical School where he studied Forestry. He is presently in business with his father in farming and ranching. He is the grandson of the late Mr. and Mrs. C. C. Billings of Hope and Mr. and Mrs. Jesse Burke of DeAnn.

The wedding will be solemnized at the First Baptist Church in Hope, on Friday, January 7, at 7:00 p.m. Friends and relatives are cordially invited. No formal cards will be sent.

Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer NEW YORK (AP) — "The American West of John Ford," CBS' special Sunday night, was a warm, sentimental tribute to a man who has been making western movies since 1917.

Ford's films have earned him four best director Oscars—curiously not one for any of his westerns. He appeared periodically through a program well laced with fight scenes from his films. A crusty individualist, Ford first was shown returning to Monument Valley—scene of many of his films—with John Wayne who worked with him first there in his 1938 "Stagecoach." James Stewart and Henry Fonda, two more of his favorite actors, recalled his style as a director in the course of a leisurely half-kidding interview.

It was a delightful hour. "Miss Teen-Age America," cute, dark-haired Colleen Fitzpatrick, was chosen Friday night in the usual tedious, 90-minute live coverage of the pageant finals. The girls are a bit younger than the "Miss America" contestants and the show's production values less opulent. But the show itself adheres rigidly to the world format. After all, you can sell more commercial time during a 90-minute spot than during an hour.

One had to feel sorry for most of the 55 finalists as they were introduced: A highly partisan audience in a Fort Worth auditorium broke into applause only for girls from Texas. Singer John Davidson and Lucie Arnaz handled the hosting chores, their eyes firmly on the cue cards. The program will undoubtedly get a great rating: The public apparently enjoys trying to outguess the judges.

CBS announced that it would replace the late evening "Merv Griffin Show" with old feature movies, starting in mid-February, a move widely anticipated for months. Griffin months ago made a deal to move his program to Metromedia broadcasting for syndication when he wound up his CBS contract.

The move will take Merv out of head-on competition with Johnny Carson and Dick Cavett, and put him in a battle for stations alongside Mike Douglas and David Frost.

Pauline Frederick, NBC's veteran United Nations correspondent, was hurrying to a broadcast booth to report U.N. activity Saturday in connection with the India-Pakistan conflict when she tripped, fell and broke her kneecap. She was hospitalized and NBC expects she will be out of action for some weeks.

MUSHROOM BARLEY

We've streamlined one of our favorite go-alongs for meat.
2 tablespoons butter
1/4 cup finely chopped onion (1 small or 1/2 medium onion)
1 can (3 ounces) broiled chopped mushrooms
1/2 cup medium pearled barley
1 can (10 1/2 ounces) condensed chicken broth, undiluted
Put the butter and onion in a round 1-quart glass casserole (6 1/2 by 2 1/2 inches) or similar utensil. Drain mushrooms, saving juice, and add mushrooms to casserole. Place casserole in a 350-degree oven until butter melts. Remove from oven. Add barley. Combine saved mushroom liquid, chicken broth and add enough water to make 2 cups; add to casserole. Stir well. Bake, uncovered, in the preheated 350-degree oven for 1 hour; cover tightly and continue to bake 30 minutes. Liquid should be absorbed but barley should be moist. Makes 4 to 5 servings.

DEVILED CRABMEAT

Can be made ahead.
5 tablespoons butter
2 tablespoons flour
1 teaspoon dry mustard
1 cup milk
2 teaspoons lemon juice
1 tablespoon minced parsley
2 cups crabmeat
1/2 cup soft bread crumbs
Make a white sauce with 3 tablespoons of the butter, the flour, mustard and milk; stir in lemon juice and parsley. Fold in crab. Spoon into 6 ceramic crab shells or similar utensils. Mix bread crumbs with remaining 2 tablespoons butter (melted) and sprinkle over crab mixture. Before serving, bake in a preheated 400-degree oven until hot and topping is lightly browned — 20 minutes. Makes 6 servings. We used two 7 1/2-ounce cans of king crab in testing this recipe.

SHOWBEAT

Stacy Keach Due To Be Large Star

By DICK KLEINER

HOLLYWOOD — (NEA) — When Joseph Wambaugh's novel about the Los Angeles police department, "The New Centurions," was published, the LAPD didn't like it. Wambaugh had problems keeping his job as a sergeant on the force.

So there was concern around Hollywood that the movie version would have problems. To shoot on the city's streets requires police sanction, and there was plenty of worry that the LAPD would refuse that sanction.

But "The New Centurions" is now shooting and the company is having no problems. In fact, police cooperation is perfect.

They blocked off busy Western Avenue for four straight nights, which takes a lot of helpful cops. Somebody asked producer Bob Chartoff how he managed to get them to do it, and Chartoff just shrugged and said, "Our location department asked them."

George C. Scott, Stacy Keach and Scott Wilson play Wambaugh's three police heroes, Jane Alexander is the leading girl and Dick Fletcher is directing. It's a big film, and suddenly there are a bunch of big films shooting around Hollywood. It's almost—but not quite—like old times.

"The New Centurions" may finally make the general public Keach-conscious. Stacy has been around a few years, and he has always given solid performances, but mostly his films have been the artsy-craftsy kind of thing. This one will be a movie for the millions, and it should make Stacy Keach a large star.

"It's my first square role," Keach says. "I've had offers to do square parts before, but I didn't like the parts. This one I like."

Keach is that rarity, a Hollywood kid. He was born in Georgia, but his father shortly moved to Hollywood where he worked in films, ultimately becoming a dialogue director.

Stacy says most of his father's and mother's friends, when he was growing up, were in the business. He remembers Craig Stevens, Alexis Smith and Willard Waterman being around the house.

"I'd watch them," he says, "but, probably to compensate, I grew up wanting to be a scientist, or a pro football player, or a lawyer. But I guess all along I wanted to

STACY KEACH, after a career spent mostly in artsy-craftsy films, has a big role in a major film, "The New Centurions," that could make him a star.

be an actor."

He studied at Berkeley, at Yale, in London. He went to New York, starred off-Broadway in "MacBird" and on-Broadway in "Indians." In between, he worked in films — "The Heart Is a Lonely Hunter" was first, but he was in such items as "Doc" and "The Traveling Executioner," and he has the lead in the soon-to-be-released "Fat City."

But it will be "The New Centurions" that puts him on top.

Meeting the Twain

Generally, when a movie company goes on location, there is friction between the sophisticated film people and the folksy townspeople. But it's nice to report that the twain can meet and get along nicely.

I have a note from a friend who is with the "Boxcar Bertha" company, shooting in Camden, Ark. This film stars Barbara Hershey and David Carradine, who play lovers, which is what they are, so it's nice for them.

My friend reports that relationships between the company and the Camden folks are excellent. He says the crew is walking around in T-shirts that say "Arkansas" on the front with the razor-back hog, symbol of the University of Arkansas, beneath.

"And suddenly," my friend writes, "the locals are growing longer hair, going on health diets, saying 'That's gross' or 'Get your head together.' Soon we won't know which is which."

IMITATING IS TOUGH
NEW YORK (AP) — Voice expert Allen Swift says two things are necessary to imitate vocal mannerisms — a good ear and acting ability.

"There are a lot of good mimics who can imitate only what they hear someone else say," says Swift, who is featured in many television commercials. "Many good actors can't do commercials because they are accustomed to taking time to build a characterization."

Nicklaus Is Stunning Upsets Leading Disney Meet

By BOB GREEN
Associated Press Golf Writer
ORLANDO, Fla. (AP) — Pro golf's prestigious leading money winning spot was scheduled to be settled today—one week early—with Jack Nicklaus holding the inside track on Lee Trevino and Arnold Palmer.

"I'm leading the tournament going into the final round," Nicklaus said. "If I win, I'm going to be the leading money winner. If I don't win from this position, I don't deserve to be the leading money winner."

This was the situation today heading into the final round of the rain-delayed Walt Disney World Open Golf Tournament: Trevino already has set a single-season money winning record with \$229,777. But he hasn't been a factor in this tournament and is well back in the field at 213.

Nicklaus is second in money with \$214,491, but leads the tournament—which offers a \$30,000 first prize from a \$150,000 total purse—by a single stroke at 205.

Palmer, who at one time shared the third-round lead, has \$200,741 earnings and must win the tournament to have a chance at the money title. He's three strokes back at 208.

There's one more tournament on the schedule, next week's Bahamas Islands Open. But all three contenders let the Sunday afternoon deadline slip by without making an entry. None will play.

"I'm tired, mentally tired, and I want to rest up for next year," said Trevino.

"I'd like to win the money title, but I've payed enough this year," the 42-year-old Palmer said.

Nicklaus managed a two-under-par 70 in the third round Sunday to take sole control of the top spot in the tournament just one stroke over Bert Yancey, who also had a 70 for 206.

At one time or another Nicklaus, Yancey, Palmer, Frank Beard and Terry Dill all led or shared the lead.

But Yancey double bogeyed the ninth when he gambled in the rough. Beard double bogeyed the 17th. Palmer left it in a trap and took a double bogey on the 16th. Dill finished double bogey-par-triple bogey, the seven on the finishing hole after

the fifth round. Nicklaus, Yancey, Palmer, Frank Beard and Terry Dill all led or shared the lead.

But Yancey double bogeyed the ninth when he gambled in the rough. Beard double bogeyed the 17th. Palmer left it in a trap and took a double bogey on the 16th. Dill finished double bogey-par-triple bogey, the seven on the finishing hole after

How's Your Hearing?

Chicago, Ill. — A free offer of special interest to those who hear but do not understand words has been announced by Bel-tone. A non-operating model of the smallest Bel-tone aid ever made will be given absolutely free to anyone answering this advertisement.

Try it to see how it is worn in the privacy of your own home without cost or obligation of any kind. It's yours to keep, free. It weighs less than a third of an ounce, and it's all at ear level, in one unit. No wires lead from body to head.

These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Write to Dept. 2095, Bel-tone Electronics Corp., 4201 W. Victoria, Chicago, Ill. 60646.

lose their final two games.

Norm Bulach's one-yard lunge capping a 78-yard march broke a scoreless tie in the third period and veteran Johnny Unitas then fired a five yarder to Ray Perkins for his first scoring pass of the season.

The Falcons intercepted Darle Lamonica twice and recovered three fumbles in handing the Raiders their second straight loss. Atlanta also suffered five turnovers but sealed the win after Oakland couldn't score after grabbing a fumble on the Atlanta four.

Washington snagged four interceptions in the first half and Larry Brown scored twice while picking up 129 yards. New York's sole touchdown came when Otto Brown recovered a blocked punt in the end zone.

The Oilers' rigid defense turned three Terry Bradshaw interceptions into points as safety John Charles made his fourth and fifth interceptions and defensive tackle Leo Brooks pilfered another.

Pete Liske hit Kent Kramer with a five-yard pass in the final minute as the Eagles came from behind to ruin Detroit's NFC Central Division playoff aspirations. Moments before Liske's scoring pass, the Lions went ahead 20-16 on quarterback Greg Landry's five-yard run.

Jim Turner kicked a 33-yard field goal with two minutes left after giving the Broncos an early 3-0 advantage with a 34-yard boot. Denver's defense limited the Bears to 66 yards total offense and dumped quarterback Bobby Douglass nine times.

Rookie Tim Webster's 27-yard field goal as the final gun sounded hoisted the Packers into a tie after both teams scored touchdowns in the final seven minutes.

Hendrix Makes Come-Back to Win Over SSC

By THE ASSOCIATED PRESS
Hendrix College's about face Saturday night was surprising to many, but especially to Southern State.

Hendrix, down 41-21 at the half, rallied in the second half to defeat the Muleriders, 66-62. Southern State is the defending champion in the AIC.

The result left both teams with 1-1 conference records.

Ouachita Baptist University raised its conference record to 2-0 and its season record to 5-0 with a 103-92 victory over State College of Arkansas.

David Combs poured in 40 points as Arkansas Tech raised its conference record to 2-0 with a 93-84 victory over Harding.

In other conference action, Arkansas AM&N whipped Arkansas College 99-90. The University of Arkansas at Monticello journeyed to Oxford, Miss., and dropped a 107-60 decision to Mississippi.

Hendrix pulled even with Southern State when the Muleriders failed to score from the field during the first 10 minutes of the second half. The Warriors took the lead for good 62-60 when Tom Poole hit a jump shot in the closing minutes.

Danny Thomas paced the Warriors with 21 points. The Muleriders' Al Flanagan led all scorers with 22 points.

Tommy Patterson scored 31 points and Jim Hamilton contributed 23 points and 13 rebounds as Ouachita held off SCA. The Tigers led 52-43 at the half, but three starters fouled out in the last half.

T. J. Johnson paced the Bears with 31 points.

Combs, a 6-6 forward, scored 20 points in each half to pace Tech. Tech trailed 40-39 at the half, but jumped to a six-point lead early in the second half and never trailed again. Joe Mathias led Harding with 23 points.

UA-Monticello was never in the game against the Rebels. Ole Miss led 41-15 at the half. Bill Williams paced the Weevils with 15 points and Harold Goffin contributed 14.

Tonight is a busy night in the AIC schedule. The College of the Ozarks is at Southern State; Arkansas AM&N is at State College of Arkansas; Hendrix faces Henderson; Ouachita is at the University of Arkansas at Monticello and Arkansas Tech is at Louisiana Tech.

Two AIC games are set for Tuesday night: Harding will be at Arkansas College and State College will be at Southwestern.

Thursday Arkansas College will play Arkansas Tech. Henderson will be at the College of the Ozarks and the University of Arkansas at Monticello will be at Arkansas AM&N.

Southern State will be at Ouachita Friday and State College will be at the School of the Ozarks Saturday night.

Tennessee and Penn State, whose Saturday meeting ended with the Vols breaking a 15-game Nittany Lions' winning streak in a 31-11 upset win meet again in 1972.

Champ May Lose Title Because of Drug Charges

SACRAMENTO, Calif. (AP) — Erbito Salavarría, flyweight champion of the World Boxing Council, may be stripped of his title following a hearing Dec. 13 on reports he was drugged during a recent title bout, a WBC official said Sunday.

Robert L. Turley, WBC vice president, said if Salavarría, of the Philippines, loses his title, a tournament will be held between top contenders to determine a new champion.

Turley said fighters would include Bettino Gonzalez, Venezuelan challenger who tied with Salavarría in the controversial Nov. 20 title bout in Maracaibo, Venezuela.

Another would be Masao Ohba of Japan, recognized as champion by the rival World Boxing Association, Turley said.

Missouri Edges Past Arkansas for 2-0 Record

COLUMBIA, Mo. (AP)—Missouri rallied from a seven-point halftime deficit to edge Arkansas 74-73 here Saturday night and run its record to 2-0.

Orv Salmon hit what proved to be the winning points when he sank two free throws with 44 seconds remaining to give Missouri a 74-71 edge.

The loss evened Arkansas' record at 1-1.

The Razorbacks led 45-38 at the half, but did not score during the first three minutes of the second half as Missouri pulled even.

John Brown led the Tigers with 26 points. Mike Jeffries added 20 points and hauled down 13 rebounds.

Vernon Murphy paced the Razorbacks with 24 points on nine of 14 from the field and six of seven from the free throw line. Martin Terry added 15 points to the Arkansas attack.

DUNN, N.C. (AP) — The National Association for Inter-collegiate Athletics has a new soccer champion, Quincy of Illinois.

Tom Pollihan scored the game's only goal as Quincy defeated defending champion Davis and Elkins of West Virginia 1-0 in the title game Saturday.

KNOXVILLE, Tenn. (AP) —

HOPE (ARK.) STAR, Printed by Offset

ORDINARILY, coaches cringe and fans hold their breath when a quarterback ventures out of his protective pocket of blockers and into the no man's land of the open field, where knees are twisted—ankles turned and shoulders separated at a furious rate. Grey Landry of the Detroit Lions, left, and Roger Staubach of the Dallas Cowboys have, however, made effective use of the quarterback run as an effective offensive weapon this season.

Duck Calling Contest is a Family Affair

STUTTGART, Ark. (AP) — The 36th annual World Championship Duck Calling contest Saturday was a family affair.

Larry Largent of Emporia, Kan. won the title, edging brother Rod of Overton, Kan. Larry had 1,343 points and Rod 1,307. Mickey Lowder of Summerton, S.C., was third and Sonny Sours of Baton Rouge, La., fourth.

Mrs. Eddie Holt of Stuttgart captured the title in the women's division.

Billy Cheek of Humnoke finished first in the Arkansas division, followed by Eddie Bowen of North Little Rock and Bill Borchert of Stuttgart.

Tim Erstine of Stuttgart won the junior division.

ASU Defeated in Opening Game by Ga. Southern

JONESBORO, Ark. (AP)—Arkansas State University opened its basketball season on a sour note Saturday night, dropping a 85-79 decision to Georgia Southern.

ASU led 47-46 at the half, but Georgia Southern scored 13 points in the first five minutes of the second half to take a 59-53 lead. ASU closed to within 79-75 with less than two minutes remaining, but never pulled

Steve Brooks led ASU with 29 points and Calvin Breedlove contributed 15.

Georgia Southern had four players in double figures, led by Richard Wallace with 21 points. The victory evened the Eagles record at 1-1. They had lost earlier in the week to Arkansas 93-91.

Stock Car Racer Profits from Rainy Weekend

COLLEGE STATION, Tex. (AP) — Bobby Allison, stock car racing's No. 2 money winner, was the only driver to profit from a rainy weekend in Texas.

That is, if you don't count a youthful newcomer from Mexico City named Juan Izquierdo.

Allison, 34, won a 200-mile race for older-model Sportsman stock cars at Texas World Speedway on Saturday and added \$3,200 to a bank account that already includes \$231,170 from Grand National racing and \$30,000 from short-track Sportsman competition.

Allison had a fifth-place start in the \$90,000 Texas 500 for current model sedans that was scheduled for 1 p.m. Sunday.

But a weather front that deposited rain and snow on central Texas caused a one-week postponement of the race. It is now set for 1 p.m. Dec. 12.

The Texas 500 pole position was won during qualifying trials Friday by Pete Hamilton in a Plymouth at 170.830 miles per hour. Benny Parsons got the other front-row spot in a Chevrolet entered by Texan A.J. Foyt.

Allison posted an average speed of 143.318 m.p.h. in winning Saturday's Permatex 200 by three laps over Jack Ingram, of Asheville, N.C.

It was his 29th victory of the year. He was driving a Dodge.

Allison's triumph came under overcast skies, but the threat of rain held off until after dark—when Izquierdo, who speaks no English, went out in a driving rainstorm and won the Alamo 200 for sports and grand touring cars. His Mustang came home about two miles ahead of the Porsche of Peter Gregg, of Jacksonville, Fla.

Questions, Answers on Economic Regulations

WASHINGTON (AP) — Here, in question-and-answer form, are explanations of Price Commission and Cost of Living Council economic regulations as issued by the Economic Stabilization Program of the Internal Revenue Service:

Q: May a firm with a loss in its base period raise its prices to create a projected profit?

A: The general rules of the Price Commission make no provision for a firm in a loss position during the base period, but the Price Commission will consider any such situation and determine whether it justifies special relief. In addition, more specific guidelines will soon be issued.

Q: Do the economic controls apply to college tuition charges?

A: Yes, tuition, as well as room and board is covered.

Q: Must a company which is a prenotifying firm also submit quarterly reports to the Price Commission?

A: Yes. May individual health-insurance premiums be raised if based on a formula in a contract in effect prior to the imposition of economic controls where the formula reflects only changed conditions of risk (e.g., number of claims)?

A: Yes, premium increases based on a formula in a pre-existing contract which reflects only changed conditions of risk may be applied normally.

Q: If a corporate parent and its subsidiaries are located in different IRS districts, where

should requests for rulings or information be filed?

A: All inquiries, ruling requests, etc., should go to the IRS district director in the district where the parent corporation is located.

Q: Service charges such as utility, parking meter and bridge tolls were subject to Phase 1 while licenses and fines such as vehicle licenses and parking tickets were exempt. Does the same situation apply to Phase 2?

A: Yes. Unless specifically altered by regulation or published rulings, policy rulings issued by the Cost of Living Council and interpretations issued by the Office of Emergency Preparedness continue to be applicable after Nov. 13, 1971.

Proceedings in Arkansas High Court

By THE ASSOCIATED PRESS

Carleton Harris, chief justice—Margaret S. Berry Carter v. Maupin Cummings, Judge, from Washington Circuit. Writ of Prohibition denied.

George Rose Smith, justice—Jake Taylor, Sr., Administrator v. Clarethia Vick, et al, from Lincoln Probate. Affirmed in part; reversed in part.

Robert A. Purdie, individually and as Next Friend of Jerry Purdie, A Minor, v. Kenneth Shelton, Jr., and Kenneth Shelton, from Union Circuit, Second Div. Affirmed. Brown, J., Concur. Harris, C.J., and Fogleman & Byrd, JJ., dissent.

Lyle Brown, justice—Ruth Meyers Settle v. Ronald P. Meyers, from Sebastian Chy., Fort Smith Dist. Reversed and remanded. Fogleman, J., dissents.

State of Arkansas v. James R. Howard, from Pulaski Circuit, Fourth Div. Petition denied. Conley Byrd, justice—Thelma Williams, et al v. Bob Douglas, from Miller Chy. Reversed and remanded. Harris, C.J., & Holt, J., dissent.

Frank Holt, justice—Johnnie E. Gay, et al v. Dave Brooks, et al, from Lonoke Circuit. Affirmed.

Tri-State Insurance Co. v. Mary Busby, et al, from Lee Circuit. Reversed and remanded on direct appeal; affirmed on cross-appeal.

Per Curiam Orders
Rehearing denied: Petition for rehearing was denied today in the case of Missouri Pacific Railroad Co. v. W. S. Fox & Sons, Inc.

J. Bryon Grimmer v. State of Arkansas. The Court requests the office of the Attorney General to reply to appellant's brief on rehearing, said reply to be filed not later than the first Monday in January 1972.

Leonard Johnson v. State of Arkansas. Motion of Kenneth Coffelt to substitute him as counsel for appellant in this case on rehearing is granted.

James Hugh Ridgeway v. State of Arkansas. Motion of appellant to stay mandate pending appeal to United States Supreme Court is granted, provided bondsman agrees to remain liable on bond.

C. G. Davis v. V. G. Schimmet, Trustee, et al. Motion of appellee to dismiss appeal is denied.

Game Between Chiefs, 49ers, a Crucial One

SAN FRANCISCO (AP) — John Brodie and Len Dawson, veteran quarterbacks whose teams are fighting for playoff berths, meet in tonight's crucial National Football League game.

The nationally televised contest brings Brodie's San Francisco 49ers and Dawson's Kansas City Chiefs together for the first time.

The 49ers, 7-4-0, need a victory to stay ahead of Los Angeles. 7-4-1 and winners Sunday over New Orleans. Meanwhile, Kansas City needs a victory to move ahead of Oakland in the AFC West. The Raiders, 7-3-2,

lost to Atlanta Sunday and Kansas City is 7-3-1.

Brodie, who has thrown 21 interceptions this season compared to 10 all of last year, has taken much of the blame for the 49ers' four frustrating losses.

But Chiefs Coach Hank Stram calls the 36-year-old passer, last year's Most Valuable Player in the NFL, "one of the great quarterbacks in the business."

And the 49ers' receiving team of Gene Washington, Dick Witcher and Ted Kwalch has an edge in experience on the Chiefs' trio of starters, Stram says.

"But remember, I'm talking only of experience," the coach adds

Four Persons Are Killed on Ark. Highways

By THE ASSOCIATED PRESS

Four persons lost their lives on Arkansas highways this past weekend. Three of the four died in separate accidents Saturday night.

The Associated Press weekend highway fatality count began at 6 p.m. Friday and ended at midnight Sunday.

State Police said Mary E. Ellis, 15, of Hope was killed in a two-vehicle accident inside Hope Sunday night.

Officials said she was a passenger in a car driven by Arvin Ellis, 60, of Hope. Authorities said a tractor driven by Dennis Heard, 25, of near Everton, ran a red light and struck the Ellis car.

State Police said Gerald D. Puckett, 20, of Egypt (Craighead County) was killed Saturday night when the pickup truck in which he was riding struck a concrete abutment on Arkansas 18, about six miles west of Jonesboro.

Orvel Stanley, 50, of Calico Rock was killed Saturday night when his pickup truck collided with a car on Arkansas 56, about three miles west of Calico Rock.

Officials said the accident occurred when a car driven by Kenny D. Moser, 17, of Guion (Izard County) crossed the center line of the highway and hit Stanley's truck.

Charles Kinzey Whitlock, 19, of Tuckerman was killed Saturday night when the car in which he was riding went out of control and collided with another vehicle on Arkansas 37, about three miles east of Tuckerman.

The driver of the car, David Robinson, 20, of Tuckerman and two passengers persons in the other car were injured.

G. ALAN CLARK

G. Alan Clark, a student at Henderson State College from Hope, has been selected to be listed in the forthcoming edition of "Who's Who Among Students in American Colleges and Universities" for their leadership and scholastic ability.

Cattle Feeders Tour Arkansas

TOPEKA, Kan. (AP) — The Cattle Feeders Council of the Kansas Livestock Association will sponsor a tour in Arkansas and Georgia Feb. 27-March 2.

The representatives will visit Winrock Farms near Morrilton, Ark., and cattle grazing and commercial cow operations in Georgia.

Lakers in 17th Win, Only Three Short of Record

By THE ASSOCIATED PRESS

The Los Angeles Lakers are unbeatable with Jerry West in the lineup. Without him, they are less than a .500 club.

West, one of the National Basketball Association's alltime leading scorers, has played in 21 games this season—and the Lakers have won them all. He missed five games, and Los Angeles won only two of them.

The streaking Lakers, led by West and Happy Hairston with 20 points each, reeled off their 17th consecutive victory Sunday night, trouncing the Portland Trailblazers 123-107.

They now are only three short of the league record of 20 victories in a row, set last season by the Milwaukee Bucks.

Elsewhere in the NBA Sunday, Phoenix stretched its winning streak to seven, routing Golden State 120-87, and Seattle defeated Cleveland 99-91.

The Lakers, in handing Portland its 21st setback in 25 games, took an early 19-10 lead on the shooting of West and Gail Goodrich, who finished with 19 points, and never relinquished it. Wilt Chamberlain contributed 27 points and 17 rebounds for Los Angeles.

Gary Gregor topped Portland with 20 points.

Phoenix overpowered Golden State by outscoring the Warriors 66-32 in the second half. Connie Hawkins paced the Suns' balanced attack with 21 points, one more than Neal Walk.

The Warrior's Cazzie Russell took game scoring honors with 34 points.

Seattle dissipated a 16-point lead and fell behind Cleveland 84-81 with 5½ minutes remaining, before storming back to overtake the Cavaliers. Two field goals by Don Kojis, one by Dick Snyder and a pair of free throws by Don Smith in the next two minutes put the Super-Sonics ahead 89-84.

Player-coach Len Wilkens led Seattle with 27 points, including six of his team's last eight points. Butch Beard topped the Cavaliers with 22 points, his pro high.

HOPE (ARK.) STAR, Printed by Offset

Conference of Young Voters

CHICAGO (AP) — A conference of 3,000 college students has committed itself to working for the election of youthful delegates to the 1972 political conventions.

Duane Draper, president of the Association of Student Governments, said the action Sunday was a "reaffirmation that young people will work at electoral politics when they see a chance for success."

He and other leaders of the meeting, called the Emergency Conference for New Voters, also warned the Democratic party that predominantly liberal young persons will not automatically deliver the vote to the Democrats.

Under the new rules for the Democratic party, Draper said, 300 of the party's 3,000 convention delegates will be young persons.

"The question is whether they will be independent young people or Daley young people," he added, referring to Chicago Mayor Richard J. Daley, a proponent of organization politics.

Allan Lowenstein, a former New York congressman and head of Americans for Democratic Action, said most young persons will be against the re-

Assured of Saratoga Landing Development

(Editor's Note: Congressman David Pryor sent the Star the following letter which is a reply to his inquiry to the Corps of Engineers regarding plans for the Saratoga Landing Development at Millwood Lake.)

"Dear Mr. Pryor: This is in reply to your inquiry dated 11 November 1971 concerning the Saratoga Landing development at Millwood Lake.

"The resident engineer at Millwood Lake is responsible for the operation and maintenance of present facilities as well as the construction of new facilities. By use of Government personnel and equipment he is able to provide the greatest service to the public for the limited amount

of funds available.

"In September 1971 the lake level was lowered several feet as part of a program to improve the fishing. At that time the resident engineer concentrated his efforts on improving the shoreline in recreation areas and removing boating hazards that are normally under water. This was work that could not be performed after the lake level returns to normal in February 1972 so it was given priority over other programs.

"This heavy operations and maintenance workload during the past three months had its effect on the construction program at Saratoga Landing and two other areas on Millwood Lake, but it was considered necessary to provide safer and more enjoyable facilities for public use.

"In December 1971 personnel and equipment will become available from these other work assignments to continue the construction of new facilities at Saratoga Landing. The work in progress there will be completed prior to the next recreation season.

I trust this information is sufficient for your needs."

Sincerely yours,

EDDIE L. MORRIS
Lieutenant Colonel, CE
Acting District Engineer
Nov. 24, 1971

Egypt Offers Deal for Withdrawal

NEW YORK (AP) — Egyptian President Anwar Sadat says he has twice promised to send home all Soviet missile crews in Egypt and to restore full diplomatic relations with the United States as soon as Israel carried out the first phase of a withdrawal from the Sinai Peninsula.

Sadat charges that the Nixon administration misled him into thinking that the United States could in turn wrest major negotiating concessions from Israel. None materialized, Sadat notes in an interview in the current Newsweek magazine, adding, "We are now back to square one."

In the interview with Newsweek senior editor Arnaud de Borchgrave, Sadat says he first made the promise to send Soviet missile crews home in talks with Secretary of State William P. Rogers in Cairo last May.

The pledge was reaffirmed during a July meeting with Michael Serner the head of the State Department's Egyptian Affairs Desk, Sadat says, and quotes Serner as having told him that President Nixon had decided the United States would "now take an active role and cease to play the part of mail-

man between the two sides." "Then we had a 70-day black-out from America," Sadat continues. "Absolutely nothing from anyone."

Meanwhile, in separate television interviews Sunday, Israeli Prime Minister Golda Meir and Egypt's foreign minister, Mahmoud Riad, disagreed sharply on conditions under which the stalled peace efforts could get under way.

Riad insisted that Israel must agree in advance to withdraw from all the Egyptian territory she occupied in 1967 before starting talks.

"We do not commit ourselves to anything without negotiations. We have one precondition: No conditions," Mrs. Meir said.

On another point, Riad denied that Egypt had threatened to renew hostilities after Dec. 31 if there was no solution. Sadat had said recently that 1971 would be a "year of decision."

Mrs. Meir was questioned on NBC TV-radio program "Meet the Press," while Riad was interviewed on CBS's "Face the Nation."

How to save money on your heating bill this winter.

It's not that hard to do. All it takes is a little time and effort. And you may have to spend some money in order to save some, but you'll come out ahead in the long run.

Here are recommendations that will help you save money on your heating bill, whether you heat with gas or electricity. Naturally, we're sold on electric heat. If you would like to hear our reasons, call your local AP&L office and ask to speak to your Customer Service Representative.

1. Lower the thermostat setting every night approximately 10 degrees from normal setting. Keep it at this level if you are away from your home for 24 hours or more. Thermostat settings above normal cause the system to operate longer at increased costs, while lower settings decrease costs.

2. Have your heating equipment checked to make sure it is operating efficiently. Change filters when dirty. Heating equipment with dirty filters will not operate efficiently or economically.

3. Insulate exterior walls, ceilings and floors. Start with the attic and work down. If you feel drafts of cold air, you can be sure your heating dollars are being wasted. Find out where the cold air is coming from and install weather stripping. Heating costs for properly insulated homes are always lower.

4. Much lower heating costs can be realized with the addition of storm windows and doors and insulated ceilings, walls and floors. Cracks around windows or door frames should be caulked. Consult your heating contractor about the proper type of insulation, storm windows and doors and complete weather stripping for all openings.

5. Keep fireplace use to a minimum. Fireplaces waste heat. When fireplace is not in use, make sure the damper is closed.

6. Vents for ventilation of attics and crawl spaces should be opened sufficiently to allow a minimum flow of air to control condensation. Excessive moisture in crawl spaces or attics can destroy the effect of insulating materials and increase operating costs.

7. For maximum comfort and economy, every home should be equipped with a humidifier. Proper moisture control is essential for economical operation because air that is too dry requires more heat for a comfort level.

8. Make full use during the day of the sun's heat by keeping blinds and curtains open where direct sunlight is available.

Cancer Virus Cost \$1 Million

By BILL STOCKTON
AP Science Writer
LOS ANGELES (AP) — Scientists say it will cost \$1 million and require skimming 7,500 gallons of fluid off growing human cancer cells to complete the next experiment with a newly discovered cancer virus. The researchers are almost certain they've discovered human cancer virus, which would be a significant step in understanding the causes of the killer disease. But their conclusions

are based largely on circumstantial evidence and they need more direct proof. The crucial confirmation could come from a difficult, months-long procedure under way that will produce less than an ounce of material for injection in 10 guinea pigs and several rats. Dr. Robert Huebner of the National Cancer Institute in Bethesda, Md., said money is available for the procedure, largely because of a new emphasis on cancer research by the federal government.

"If this turns out to be conclusively a human cancer virus, if this works out the way we hope, we'll be light years ahead of where we stand now," Huebner said. Such proof will be strong new evidence supporting a still unproven theory that each animal cell contains the seeds of cancer. Somehow, the theory proposes, genetic messages in a cell are unlocked, turn the cell

cancerous and cause manufacture of cancer virus particles. These particles then infect other cells and pass along genetic information making them cancerous. The virus particles discovered here were in human cancer cells growing in a kitten, where they were implanted before the kitten was born. The work was done by Dr. Robert M. McAllister of Childrens Hospital of Los Angeles and Dr. Murray B. Gardner of the University of Southern California. The circumstantial evidence that the virus particles are of human origin comes from knowing what the particles are not. Tests have shown they are not cat, mouse, rat, hamster or chicken cancer virus. But the virus particles do have properties common to all known mammalian cancer virus particles and they have been observed coming from human cancer cells.

"We think this is the best candidate so far detected to be the so-called human C type (cancer) virus," McAllister said in a briefing for science writers at which the discovery was revealed.

Another Big Setback for Cambodians

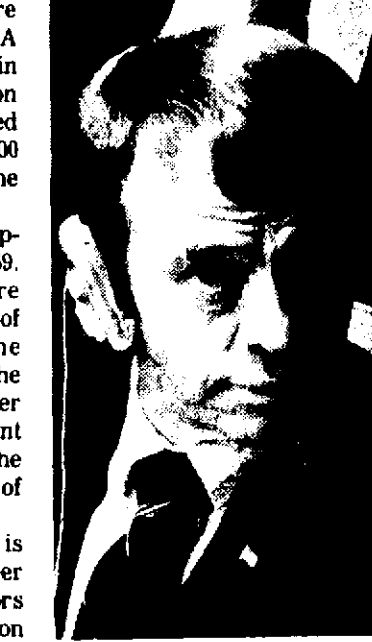

PHNOM PENH (AP) — Vietnamese troops dealt the Cambodian Army another setback today, forcing it into retreat from a district town 16 miles northwest of Phnom Penh. At least 50 Cambodians were killed or wounded. About 150 troops fled from Doueng in the darkness before dawn after two days of fighting. About 50 of the survivors are reported to have reached safety at the nearby outpost of Kompong Baset. Last week the Cambodian Army's northeast front collapsed, sending thousands of troops and civilians fleeing north to the besieged provincial capital of Kompong Thom. The North Vietnamese were left in control of 25 miles of Highway

16. Reports during the weekend indicated hundreds of the fleeing soldiers and civilians were killed during the retreat. The army abandoned three more positions during the weekend and withdrew the rest of its surviving force in the sector to Kompong Thom. In Saigon, it was learned that U.S. Navy planes have nearly doubled attacks against the Ho Chi Minh trail in Laos since the dry season began. The aim of the air campaign is to reduce the movement of North Vietnamese reinforcements and war materials into Cambodia and South Vietnam. The Pacific Fleet's two most powerful carriers, the nuclear-powered Enterprise and the Constellation, are sending more than 100 planes a day against the supply trail. Military sources anticipate an increase in North Vietnamese attacks on the aerial raiders, and more U.S. attacks on North Vietnam in retaliation.

Two such encounters were reported over the weekend. On Saturday Surface-to-air missile sites inside North Vietnam fired on U.S. jets operating over Laos for the first time in nearly a month but missed their targets. The American fighters did not return the fire. On Friday U.S. fighter-bombers escorted B52s on raids near the Mu Gia and Ban Raving passes attacked three anti-aircraft radar sites on the North Vietnamese side of the border with unknown results. Secretary of the Air Force Robert C. Seamans, on a visit to Vietnam, told newsmen that North Vietnam has increased its anti-aircraft defenses along the border with Laos. Seamans said the effectiveness of the U.S. bombing campaign against the Ho Chi Minh trail is illustrated by the absence of any major sustained military operations since we have really built up our capability to do a pretty darn sophisticated job on the trails in the last couple of years. He ignored the current North Vietnamese campaign in Cambodia, which is costing the Phnom Penh government heavily.

Wants Sewer Service
Editor the Star: I am writing concerning a very important matter that affects not only me, but several families that live over the hill or rise on the north end of Lake Shore Drive Street and Cedar and California Streets. My complaint is the sewer system. People in this area have City electricity, gas and water, but no city sewerage system. I am speaking in behalf of the above-mentioned families. What we have here is a private septic tank sewer system, and believe me, it is rotten and a health hazard. I bought a little place here in Hope and moved here from Mountain View, Arkansas in 1966. I knew when I moved here that the sewage system was a private setup, but what I did not know was that it was such a rotten system. What I mean by rotten is the fact that you cannot keep it down due to the compactness of the ground. Some of the property owners don't have enough ground for lead lines to take care of the waste...including myself. The health department is well aware of the situation. Most of the property owners met with the City Manager and City Board of Directors in two meetings held in City Hall and discussed the matter, pro and con. There was a survey made and a blueprint of the line for a gravity flow to Rocky Mound Road lift station at an estimated cost of 40 or 41 thousand dollars, to be financed by a bond issue. I carried the blueprint of the line to be put down and contacted most of the property owners and interested persons that would be affected by the sewer. They were all for it by way of a bond issue. A second survey was made in regard to installing a lift station in this area with an estimated cost of \$31,000—some \$10,000 difference in cost between the two. The above survey and approximate cost was made in 1969. I am sure it would cost more now, due to the higher cost of material, etc. I have the blueprint and estimate of the cost of the gravity flow sewer line. and Fred Ellis, a prominent businessman in Hope, has the blueprint and estimate cost of the lift station. Another thing that burns me is the fact that the City Manager and City Board of Directors imposed a double sanitation (garbage) pickup fee, effective in July 1971 due to the fact that the State Pollution Control Commission in Little Rock—wielding strong arm—informed the City government that they had to bury all city garbage. They were not allowed to burn any combustible trash, because burning the trash created a health hazard to the Citizens of Hope and polluted the air. My

question is—which is the worst health hazard—burning the combustible trash at the City dump ground or living in a sump hole like some of the people of the City of Hope are having to do??? I think the chief reason for the city government doubling the garbage pick-up fee was the fact that the City needed about 60 or 65 thousand dollars worth of machinery to use at the dump ground in disposing of the garbage, etc., and that was a nice way to get at least part of the money. I say this in all respect to all concerned. But I am quite sure the City Manager had to comply with Commission's request. There is a building project in progress now on a city block south of where I live. Five new homes are nearing completion facing Lake Shore Drive Street, and five or six more are going up facing Cedar Street. The sewer line is already down for these homes within rock-throwing distance of where I and others live. It will be tied into the City main line on Rosston Road, Highway 4. I am glad for them. But it certainly doesn't help the people on the north end of Lake Shore Drive, Cedar and California Streets. I hope the interested citizens of this area will get busy about getting a sewerage line for this part of town—for the people that don't have city sewerage systems. Sincerely,
WALTER M. CROSS
Route 2, Box 190-C
Lake Shore Drive
Hope, Arkansas 71801
Dec. 1, 1971

HOW'S THAT? It might be the topic under discussion or it might be the language in which it is being discussed that brings a quizzical expression to a familiar face in a new situation. Astronaut Alan B. Shepard Jr., a member of the U.S. delegation, plugs into a speech translation via earphones during a session of U.N. General Assembly.

NOSE FOR NEWS, you might call this encounter at the El Paso, Tex., zoo. Or better, at least from one participant's viewpoint, nosy newsmen. TV-man Jim Hennesworth got the story straight from the donkey's mouth during an auction of surplus animals. The donkey went for \$5, and three in two-cents worth of personal opinion on the whole deal. (Photo by Brad Cooper, El Paso Herald-Post)

HOPE (ARK.) STAR, Printed by Offset

National Corrections Academy

By JOHN F. DAFFRON
Associated Press Writer
WILLIAMSBURG, Va. (AP) — Atty. Gen. John N. Mitchell announced today the establishment of a National Corrections Academy to serve as a center for correctional research and the training of federal, state and local personnel.

In a keynote speech prepared for the opening of the first National Conference on Corrections, Mitchell disclosed a new federal program of aid to help modernize the nation's penal system, recently wracked by numerous inmate revolts. Mitchell said the Federal Bureau of Prisons and the Law Enforcement Assistance Administration will work with state and local authorities to establish the new corrections academy, which will offer training for correction personnel at all employment levels. "I believe it will be the most effective single means of upgrading the profession and as-

suring that correction is more than a euphemism for detention," he said. Mitchell also announced two other federal projects to assist state and local corrections work: —Establishment of a national clearing house for criminal justice architecture. To be situated at the University of Illinois, it will be funded by the Law Enforcement Assistance Administration and will provide technical assistance in improving existing facilities and designing new buildings. —Establishment of a clearing house for correctional education to provide assistance for planning and implementing education programs for prison inmates. About 350 state, local and federal corrections specialists from throughout the nation are attending the conference, which was summoned at President Nixon's direction. Mitchell also said he is directing the Justice Department to study the feasibility of deferring prosecution in certain criminal cases in favor of a "community oriented correctional program." Mitchell coupled his announcement of federal programs with a plea to state and

Vols Upset Undeclared Penn State

By ESCAR THOMPSON
KNOXVILLE, Tenn. (AP) — It was almost as if the late Gen. Bob Neyland had written the script. So far as the former Tennessee coach was concerned defense was the name of the game in football. One of Neyland's maxims was: "Play for the breaks; when you get one, score!" That's precisely what underdog Tennessee did Saturday in upsetting undefeated and fifth-ranked Penn State 31-11 before 59,524 and a national television audience (ABC-TV). The alert Vols, playing what Coach Bill Battle called their best game of the season, forced the Nittany Lions into six turnovers. And they turned three of them in to touchdowns. Linebacker Jackie Walker, playing his finest game of the fall, hit quarterback John Hufnagel so hard he fumbled. Conrad Graham caught the ball in the air and dashed 76 yards for the Vols' first TD. Moments later Tennessee's other cornerback, David Allen, stole a Hufnagel pass on the Lions' 30 and returned it to the 15. Five plays produced the Vols' second six pointer, Bill Rudder plugging from the one. Late in the fourth quarter, with the outcome no longer in doubt, Walker intercepted another Hufnagel pass and sped 43 yards for the Vols' final TD. It was Walker's fifth score with a stolen pass, breaking his own Southeastern Conference record of four. In between the touchdown-producing pass interceptions, safety Bobby Majors took a punt on the visitors' 44 and rammed into the end zone for a six-pointer. George Hunt kicked a 21-yard field goal and added four extra points, boosting his streak over a two-year period to 60. Penn State scoring came on a 27-yard field goal by Alberto Vitiello and a 14-yard pass from Hufnagel to All-America Lydell Mitchell.

'Pink Water' Can Often Cure

By Lawrence Lamb, M.D.

Dear Dr. Lamb—I have been reading about the B vitamins and how effective they are in promoting a sound nervous system. I decided to try the B complex, as I have been under considerable pressure in my work.

It may be my imagination, but I found they seemed to help calm my nerves some. As I do not want to even take a mild tranquilizer, I was wondering whether B vitamins really do any good or harm if taken for a long period of time. How about the one-a-day supplementary vitamins that contain all vitamins and minerals and also include the B complex? Would it be harmful taking the B complex vitamin I already have plus the one-a-day? I would like some information on this before I decide to continue to take any kind of vitamin.

Dear Reader—If a person is eating a balanced diet with all the essential food components, he is not likely to need supplemental vitamins. With so many refined foods, such as sugar, that contain no appreciable amounts of vitamins or minerals, and the need many people have to diet, especially if they are not active physically, it is easy to have a deficient diet. Older people, who live alone, are prone to eat an inadequate diet. Under these circumstances, added vitamins are helpful.

Unless taken in really huge doses, there is no evidence that taking vitamins, even if you don't need them, will cause any harm—except vitamins A and D. All other vitamins you take in usual excess amounts are simply eliminated by the body. Thus, taking the B complex

tried Blackwood after South bid four diamonds, but he really wanted to find out if South liked his hand. It is possible to give South one ace with a minimum hand and wind up with no play for six, much less seven."

Oswald: "Exactly. When Harold bid five clubs South knew that he was trying for a slam. Up to that stage of the proceedings, South had done nothing to show that he held a really good hand. His bid of five hearts clearly told his partner that he held second round heart control and wanted to be in six or seven."

Jim: "North's jump to seven diamonds was a slightly calculated risk but he must have felt that if South didn't want to get to seven. South would simply have jumped to six diamonds over five clubs."

Oswald: "That is the exact inference South meant to convey."

Jim: "Do I know South?"

Oswald: "Rather well! I was South."

Compete in Pinto Project

HSC COMPETES IN PINTO PROJECT—The Marketing class at Henderson State College has received a Pinto car to use in the National Pinto Project being sponsored by the Ford Motor Company. The HSC marketing class taught by Dr. Robert Solomon will compete with students from 150 colleges and universities for national cash awards for the schools submitting the best projects. Shown above with the car are Rick Butler, and Mike Tolleson, members of the Marketing class from Hope.

Nixon to Meet With Canadian Prime Minister

WASHINGTON (AP) — Canadian Prime Minister Pierre Elliott Trudeau arrives at the White House today to lead off President Nixon's summit sessions with allied chiefs in advance of his trips to Peking and Moscow.

Economic difficulties head the prospective agenda, with Canada—America's largest trading partner—pressing for an end to the 10-per-cent import surtax Nixon imposed in his emergency measures last August.

In a broader way, both Nixon and Trudeau were portrayed as wanting face-to-face talks to range over major international issues at a time of far-reaching changes on the world scene.

The theme of checking course with close friends amid a shift-

ing international pattern runs through Nixon's unprecedented pace of separate summit parleys over the span of a month.

Next week Nixon flies to the Azores to see France's Georges Pompidou. The week after it's Britain's Edward Heath in Bermuda. Then comes West Germany's Willy Brandt, at Key Biscayne, followed by Japan's Eisaku Sato in San Clemente Jan. 6-7.

The wide-ranging impact of broadening dealings with the Soviets and of opening of U.S. contacts with Red China are on the agenda for all. So is the trade-and-monetary crisis.

Even as Nixon prepared for the Trudeau meeting, he was being kept abreast of developments in the world's newest hot spot, the Asian subcontinent where India and Pakistan are at war.

Trudeau dealt himself in on Nixon's summit by asking to see the President—a bid the White House quickly accepted. The two meet late this afternoon and this evening, with the Canadian slated to return to Ottawa Tuesday.

The Canadians say they have been heavily and unfairly hit by the 10-per-cent surtax, one of the emergency steps Nixon took Aug. 15 to redress the heavy U.S. trade deficit. The surcharge applies against about \$2.5 billion of their annual exports to the United States.

They say they endorse Nixon's general aim of bringing foreign trade back into balance and setting fairer money exchange rates. But they say the Canadian dollar is already at fair value—and meanwhile the surcharge hits hard against their sales to America and adds to an already severe Canadian unemployment problem.

The United States has concerns too about some of the economic policies of its neighbor. There is worry that Canada may impose too-severe restrictions against U.S. investment there.

Daley Picks Pucinski in '72 Election

CHICAGO (AP) — Mayor Richard J. Daley has picked U.S. Rep. Roman C. Pucinski of Chicago to challenge Sen. Charles H. Percy in the 1972 election.

Daley announced at a news conference Sunday the endorsements of the party's slating subcommittee. The full slating committee was expected to approve those endorsements today.

Lt. Gov. Paul Simon, as expected, was slated to challenge Gov. Richard B. Ogilvie. Although all slated candidates must run in the March 21 primary, only Simon will have opposition.

Daley's selection of Pucinski, 52, a former newspaper reporter with 14 years' seniority in Congress, was an attempt to balance the top of the ticket with a Cook County candidate. Simon is from Troy in Southern Illinois.

During most of his years in Congress Pucinski has returned to Chicago each weekend and distributed statements to local newspapers and broadcasters on virtually any subject under

Big-Hearted Cop Lends Hand to Needy Family

BIRMINGHAM, Ala. (AP) — Harry L. Jones is the kind of guy who'd give a stranger his last dollar. And does, frequently.

He's a policeman who, for the last 17 years on duty, has seen life at its worst. But he's not discouraged. He says he thinks people just need a little help.

Last week, for instance, Jones answered a routine report of family trouble. He said he found a woman and five ragged children—three girls and two boys, ages 10 years to 19 months—huddled in an attempt to keep warm in a freezing mist.

Inside the house, he said, was the children's father, drunk. Earlier that day the woman had taken four of her husband's last \$11 and sent one of her children to the store for groceries. When the child returned, Jones said she told him, the man snatched the food away, stomped it to bits.

"I kicked the door open," Jones said. "Those folks were living there with just wall-to-wall floor—I mean no furniture at all, no food."

Jones said he radioed headquarters he was going to the grocery store, then spent the only money he had—\$6—on food for the family.

"None of that comes as a surprise to me," said Mrs. Jones, who has been married to the big-hearted Birmingham native for 18 of his 43 years.

"I recall one occasion he called home one night and asked if we had any money in the bank. I told him we had a little bit. He said he had found a young woman who had no place to go, so he paid her room rent at the YMCA for a week with a \$30 check.

"I had to go out and borrow the money the next day to cover the check," she said.

Recalling his experience last week, Jones says, "I was really touched by that family. I'm going to work with the man ... try to help him get rehabilitated. I've talked to him about Alcoholics Anonymous and he seems acceptable to it.

"The Fraternal Order of Police is going to see that the kids have a Christmas this year.

"You should have seen the eyes of those kids when we mentioned Santa Claus to them ... they lit up like diamonds."

The Jones have two daughters, Teri, 17, and Carol, 13. When they outgrow their clothes, their father always finds someone who needs them.

discussion by the House. He has been a loyal Daley Democrat, rising to defend police for their action during the street demonstrations at the time of the 1968 Democratic National Convention.

Pucinski, who had been a sponsor of a law aimed at heading off interstate travel to promote disorders, said at the time of the demonstrations that they provided "an excellent opportunity to prosecute the first case under the new law enacted by Congress, which prohibits crossing a state line to incite a riot."

Indians Bomb Airport at Dacca

DACCA, East Pakistan (AP) — The Indian air force rocketed and bombed Dacca airport today as a group of foreign women and children waited for a U.N. evacuation plane. No one was reported hurt. The women and children

went to the airport on the understanding that India had agreed to halt attacks temporarily while two evacuation planes flew in from Bangkok. The truce was to start at 9:30 a.m., and 15 minutes later the air raid sirens sounded. Everyone dived into slit trenches near the airport terminal as two Indian MIG22 jets streaked over, rocketing and bombing near the terminal and the military headquarters behind it. The evacuees hastily boarded cars and a bus and were driven

to the diplomatic quarter about two miles away. As they left, the sirens sounded again and five Indian Hunter jets roared over the rooftops for another bombing run. They appeared to do considerable damage to the airport, and several fires were started. Angry U.N. officials said they thought the relief plane had probably turned back. There are more than 215 Europeans and Japanese awaiting evacuation, including 46 children and 34 women.

TB Sanatorium Is Asked to Cut Expenses

LITTLE ROCK (AP) — The state Health Department has asked the Booneville Tuberculosis Sanatorium to cut its expenses by between \$250,000 and \$500,000 so that a similar facility can be established in Eastern Arkansas. Dr. John Harrell, who is expected to be named the acting state health director, said Sun-

Monday, December 6, 1971 day that it was a waste of money to spend \$2 million at the Booneville facility, where 87 patients are now being housed. The Northwest Arkansas Times reported that Harrell told the state sanatorium board that the health department wants to eventually establish regional treatment centers throughout Arkansas. Harrell said that 75 per cent of the tuberculosis patients are currently being treated in 65 clinics in 61 counties so that they can remain close to their homes.

GAINING GROUND IN PREVENTION OF BIRTH DEFECTS

Medical authorities associated with The National Foundation-March of Dimes discuss current developments in the prevention and treatment of birth defects. The articles deal with delivery of medical care, research and public health education.

DR. ARTHUR J. SALISBURY emphasizes the need to vaccinate preschoolers against rubella to halt this source of birth defects.

DR. RALPH W. GAUSE talks about the "family pregnancy" concept popular with young couples, and growing awareness of the need for early prenatal care.

DR. NEIL BUIST examines the highly individualized care needed for children born with body chemistry defects, which are often subtle, but deadly.

DR. ABNER H. LEVKOFF explains why intensive care nurseries are essential in reducing infant mortality and preventing permanent damage to critically ill newborns.

DR. CHARLES EPSTEIN relates scientific advances to increased accuracy in genetic counseling and describes how his genetics clinic serves areas outside the territory of the
